Dear Alan,

I'd like to express my gratitude for your excellent work which you recently carried out on the behalf of PFI Lofthus, for our office move to Northfield Industrial Estate.

From the first enquiry to the last minute go ahead, you were able to promptly assess our system, improve it and successfully ensure we remained connected with very little disturbance to our services.

Your knowledge is second to none and supported by your staff, we were always in safe and capable hands.

I have no reservations about recommending AL Global to my current or future business associates, friends or family.

Yours Sincerely

Liam Duncan
